Another drabble with a running gag!

The basement window burst open by the force of Lars' crowbar and some hard kicks with his heavy boots.

"Excellent," Lars muttered.

"I'm not sure if we should commit burglary," Jason whispered. "The security alarm ..."

"James has deactivated it as he lured Kirk to that restaurant."

"But ..."

"He said two grand for each of us, Jase!"

Jason groaned but followed Lars inside.

Lars had the flashlight and led the way to the studio, switching on the light.

"Where's the fucker?"

"There," Jason whispered, pointing.

Lars quickly grabbed Kirk's awful bunny guitar and grinned.

"That's it. Now let's run!"
